Fairfield, California 94533

Dear Mr. Geisert:

The California Environmental Protection Agency (Cal/EPA), Office of Emergency Services, and the Department of Toxic Substances Control conducted a program evaluation of Solano County Department of Environmental Management's Certified Unified Program Agency (CUPA) on December 13th and 14th, 2005. The evaluation was comprised of an in-office program review and field inspections. The state evaluators completed a Certified Unified Program Agency Evaluation Summary of Findings with your agency's program management staff, which included identified deficiencies, preliminary corrective actions, and timeframes.

On February 15, 2006, Cal/EPA received electronic and hardcopy documentation of corrective actions taken by the Solano County Department of Environmental Management for deficiencies found during the evaluation process. After reviewing the Summary of Findings and the documentation of corrective actions, I find that all deficiencies noted in the Summary of Findings have been corrected.

Cal/EPA appreciates the corrective actions taken by Solano County Department of Environmental Management. Having determined that Solano County Department of Environmental Management has corrected all of its deficiencies, Cal/EPA has modified Solano County Department of Environmental Management's program status from satisfactory with some improvement needed to meets program standards.

Thank you for your continued commitment to the protection of public health and the environment. If you have any questions or need further assistance, you may contact Jim Bohon, Manager, Cal/EPA Unified Program at (916) 327-5097 or jbohon@calepa.ca.gov.

Sincerely,

Don Johnson
Assistant Secretary
California Environmental Protection Agency
